*January 12, 2006*

We, the Parish Community of Holy Spirit Catholic Church, are a family of many cultural backgrounds. Our mission is to enrich the spiritual life of all parishioners, through the active participation in prayer and the sacraments, promoting opportunities to grow in faith and hope, and providing a place to come together in the love of God and neighbor.

We are committed to the needs of our parishioners and to reach beyond to serve the needs of others. We are called by the Spirit to witness the forgiving, healing and saving presence of Jesus as one Church and one people.

Dear Priests, Sisters, and Parishioners of Holy Spirit Catholic Church,

It has been such a great joy and privilege for me to serve at Holy Spirit Parish over the past two years. Thank you so much for all of your love and support to me and to the Vietnamese Bilingual Religious Education Program. Without your kindness and encouragement, I would have not been able to fulfill the task God has given to me. As I move on to my next ministry, I hope that you will continue to keep me in your prayers so that wherever I am, I may continue to share with others the message of God's love and mercy.

Your Sister in Christ,  
Sister Hang Minh Le, LHC.

**YOU ARE NEEDED!**

How many people need just a little of yours or my encouragement? How many people are happy to hear you will pray for them? How many people would like to pray with you and then maybe talk to you?

HOLY SPIRIT PARISH welcomes you to consider becoming a **STEPHEN MINISTER** who listens and prays but does not counsel. A Stephen Minister learns the art of listening in a series of classes totaling 50 hours given in the parish. The time a Stephen Minister commits to helping people is very flexible. An unborn baby begins to breathe at 11 to 12 weeks, or about 3 months. He breathes fluids steadily and continuously until birth. This breathing develops his organs of respiration. He does not drown by breathing fluids within his mother's womb because he obtains his oxygen from the umbilical cord. At birth when he is exposed to air he begins to breathe air for the first time and will do so for the remainder of his life.
